*Petition to the House of Commons in Parliament assembled, WHEREAS*

Canadians want a commitment that the Minister of National Defense will uphold citizen rights and freedoms.

- Given that forced medical procedures are illegal in Canada and “My Body My Choice” is an accepted postulate – mandatory vaccination (a medical procedure) is not valid under Canadian Law as well as multiple international conventions;
- Given that the behaviour of Justine Trudeau in a statement he made that he admires China and fascist Chinese Communism edicts – it appears as though he would like to destroy Canada's democratic government and create a Communist Canada;
- Given the actions of Justine Trudeau in dealing with the peaceful protest of Canadians in Ottawa who had every right under the Charter and the Bill of Rights to protest the government of Canada's unlawful mandatory vaccination dictates;
- Given that travel restrictions were and are still taking place on Canadian soil – against Canadian's rights and freedoms;
- Given that the government of Canada has been infiltrated by members of foreign entities such as the World Economic Forum;
- Klaus Schwab – author of the book "Covid-19: The Great Reset" and head of the WEF is pushing a private foreign corporate plan that is being adopted by the Canadian government without Canadian's knowledge, consent nor consensus;
- Groups under the UN umbrella like The World Economic Forum have developed plans on how to implement these goals as seen in Klaus Schwab's book – which involve the removal of rights and freedoms and these plans are offensive to Canadians;
- Scenarios for the Future of Technology and International Development, written in 2010 by the Rockefeller Foundation, page 18 Lock Step – suspiciously portrays a pandemic resulting in fascist New World Order control – wherein citizens will be tracked and traced via technology then charged with carbon taxes that go directly to this foreign organization;
- Economist Ernst Wolff believes that a hidden alliance of political and corporate leaders are attempting to exploit the pandemic with the aim of crashing national economies and introducing an IMF back-doored central global digital currency as a mechanism of control;
- The WEF's vision for the future is a disingenuous, dishonest manifesto from an unelected ruling class – Canadian Constituents choose not to follow their technocratic central bank totalitarian global dictatorship;
- Canadians want a democratic governance which upholds and respects the rule of law and Canadian written law – especially The Canadian Charter of Rights and Freedoms and the Canadian Bill of Rights;
- Canadians are not willing to hand over our sovereignty, rights and freedoms to foreign interests;
- Canadian Citizens want a public statement from the Minister of National Defense the Honourable Anita Anand that the Canadian Military will uphold the rights and freedoms of Canadians forthright;

*We, the undersigned citizens and residents of Canada call upon the House of Commons and the Senate to:*

- 1. Desist implementing the private foreign corporate UN, WEF, Klaus Schwab Great Reset in Canada;*
- 2. Call upon the **Minister of National Defense the Honourable Anita Anand** to publicly commit to uphold The Charter of Rights and Freedoms and the Canadian Bill of Rights;*
- 3. Call upon all **Members of Parliament** to follow Canadian Law and represent your Constituents instead of foreign corporate private interest;*

*Canadians feel our government has been following a foreign corporate unconstitutional agenda and demand the laws of Canada be followed instead.*

*Dated this \_\_\_\_\_ day of \_\_\_\_\_, 20\_\_\_\_.*
